FAQ

Q: When can I start going to the gym?

A: The day you enroll is the day you can begin visiting the gym but you don't begin paying until the following month!

Q: What if I already have a Gold's gym membership?

A: When you enroll online through our portal, Gold's will ask you for your membership ID and they will combine your account! EASY!

Q: What if I want to cancel my membership mid-year?

A: Once you enroll, you must keep the benefit through our benefits plan year (August 31st) unless you have a qualifying event (marital status change, baby, employment change, etc.).

Q: Who can I add to my membership?

A: You can add **any** family member you'd like, as long as you understand YOU are responsible for the membership the entire year via payroll deduction (until 8/31), also, it doesn't matter if someone is over age 26 in your household.

Q: What do I get with my membership?

A: Visit the Gold's portal to review all plan/level details.

For more questions, please contact DHowell2@goldsgym.com

Registration OPEN 1st – 15th of each month!
